Natural history - Wikipedia Natural history is a domain of inquiry involving organisms including animals, fungi and plants in their environment; leaning more towards observational than experimental methods of study. A person who studies natural history is called a naturalist or natural historian. Natural history encompasses scientific research but is not limited to it. The Nature of History : Christian Courier History is a record of the past. One would think that this is a perception of relative simplicity. It appears not to be; there are so many perversions of history. This article deals with a number of them. Nature and History | Park Authority - Fairfax County Fairfax County, Virginia - Come visit the Park Authority Nature and History Sites.

History in Focus: the nature of history (article) Much of the debate on viewing history, as the narrative construction of the historian, is whether this judgement distorts what history is, what historians do, and it reflects upon the objectivity and truth-seeking nature of the exercise. The nature of history - OpenLearn - Open University History brings enormous benefits at all levels - personal, local, national and international. The first thing that any doctor asks when he or she sees a new patient is for their medical record. Family history, helped enormously by new technology, is a boom activity and I know some very sane people who have become totally obsessive about it. Nature and History - Friends of Savannas Preserve State Park Nature & History Check out the amazing flyover video through the park by Alan Nyiri on our home page! The Savannas comprises six natural communities: pine flatwoods, wet prairie, basin marsh, marsh lake, sand pine scrub, and scrubby flatwoods.

Nature versus nurture - Wikipedia The nature versus nurture debate involves whether human behavior is determined by the environment, either prenatal or during a person's life, or by a person's genes. The alliterative expression "nature and nurture" in English has been in use since at least the Elizabethan period and goes back to medieval French. Our History - nature.org The Nature Conservancy began when leading scientists, committed citizens and dedicated leaders came together with a shared vision to protect and care for nature. From our first land purchase to our latest water fund, we are constantly evolving to bring innovative solutions to the challenges facing our world.
