Amazon.com: Customer reviews: Nature Next Door: Cities and ... Nature Next Door is a wonderful book. Written, as another reviewer noted, for both the academic and the casual reader, Nature Next Door presents comprehensive research within a series of narratives that keep the reader engaged and curious - not only about how the landscapes we may take for granted have come about, but also who made them happen, how that work was a part of their own personal.

The book about is Nature Next Door Cities And Trees In The American Northeast Weyerhaeuser Environmental Books.
